3-Ways You Could Lose Everything

Don't work hard just to lose it all!

<\$firstname\$>,

Did you know you have a huge target on your back?

Even if it's not your fault... even if you have no blame...

You could lose EVERYTHING from a frivolous lawsuit.

A frivolous lawsuit is when you are being sued...

...for no valid legal reason. Yet they can cost you everything.

And they're happening more often.

Here's three reasons why:

1. Some people will try to get money any way they can -- even if it's wrong to do and not very legal.
2. There are more lawyers now more than ever. And some are looking for any reason to sue.
3. Today's laws say you can be sued even for something someone else does wrong!

It's outrageous. And it's not right.

But it happens.

The good news is, you can protect yourself. And sleep easy at night, knowing you have an iron-clad legal fortress around you.
